Centre *for* Liberal Education

Liberal
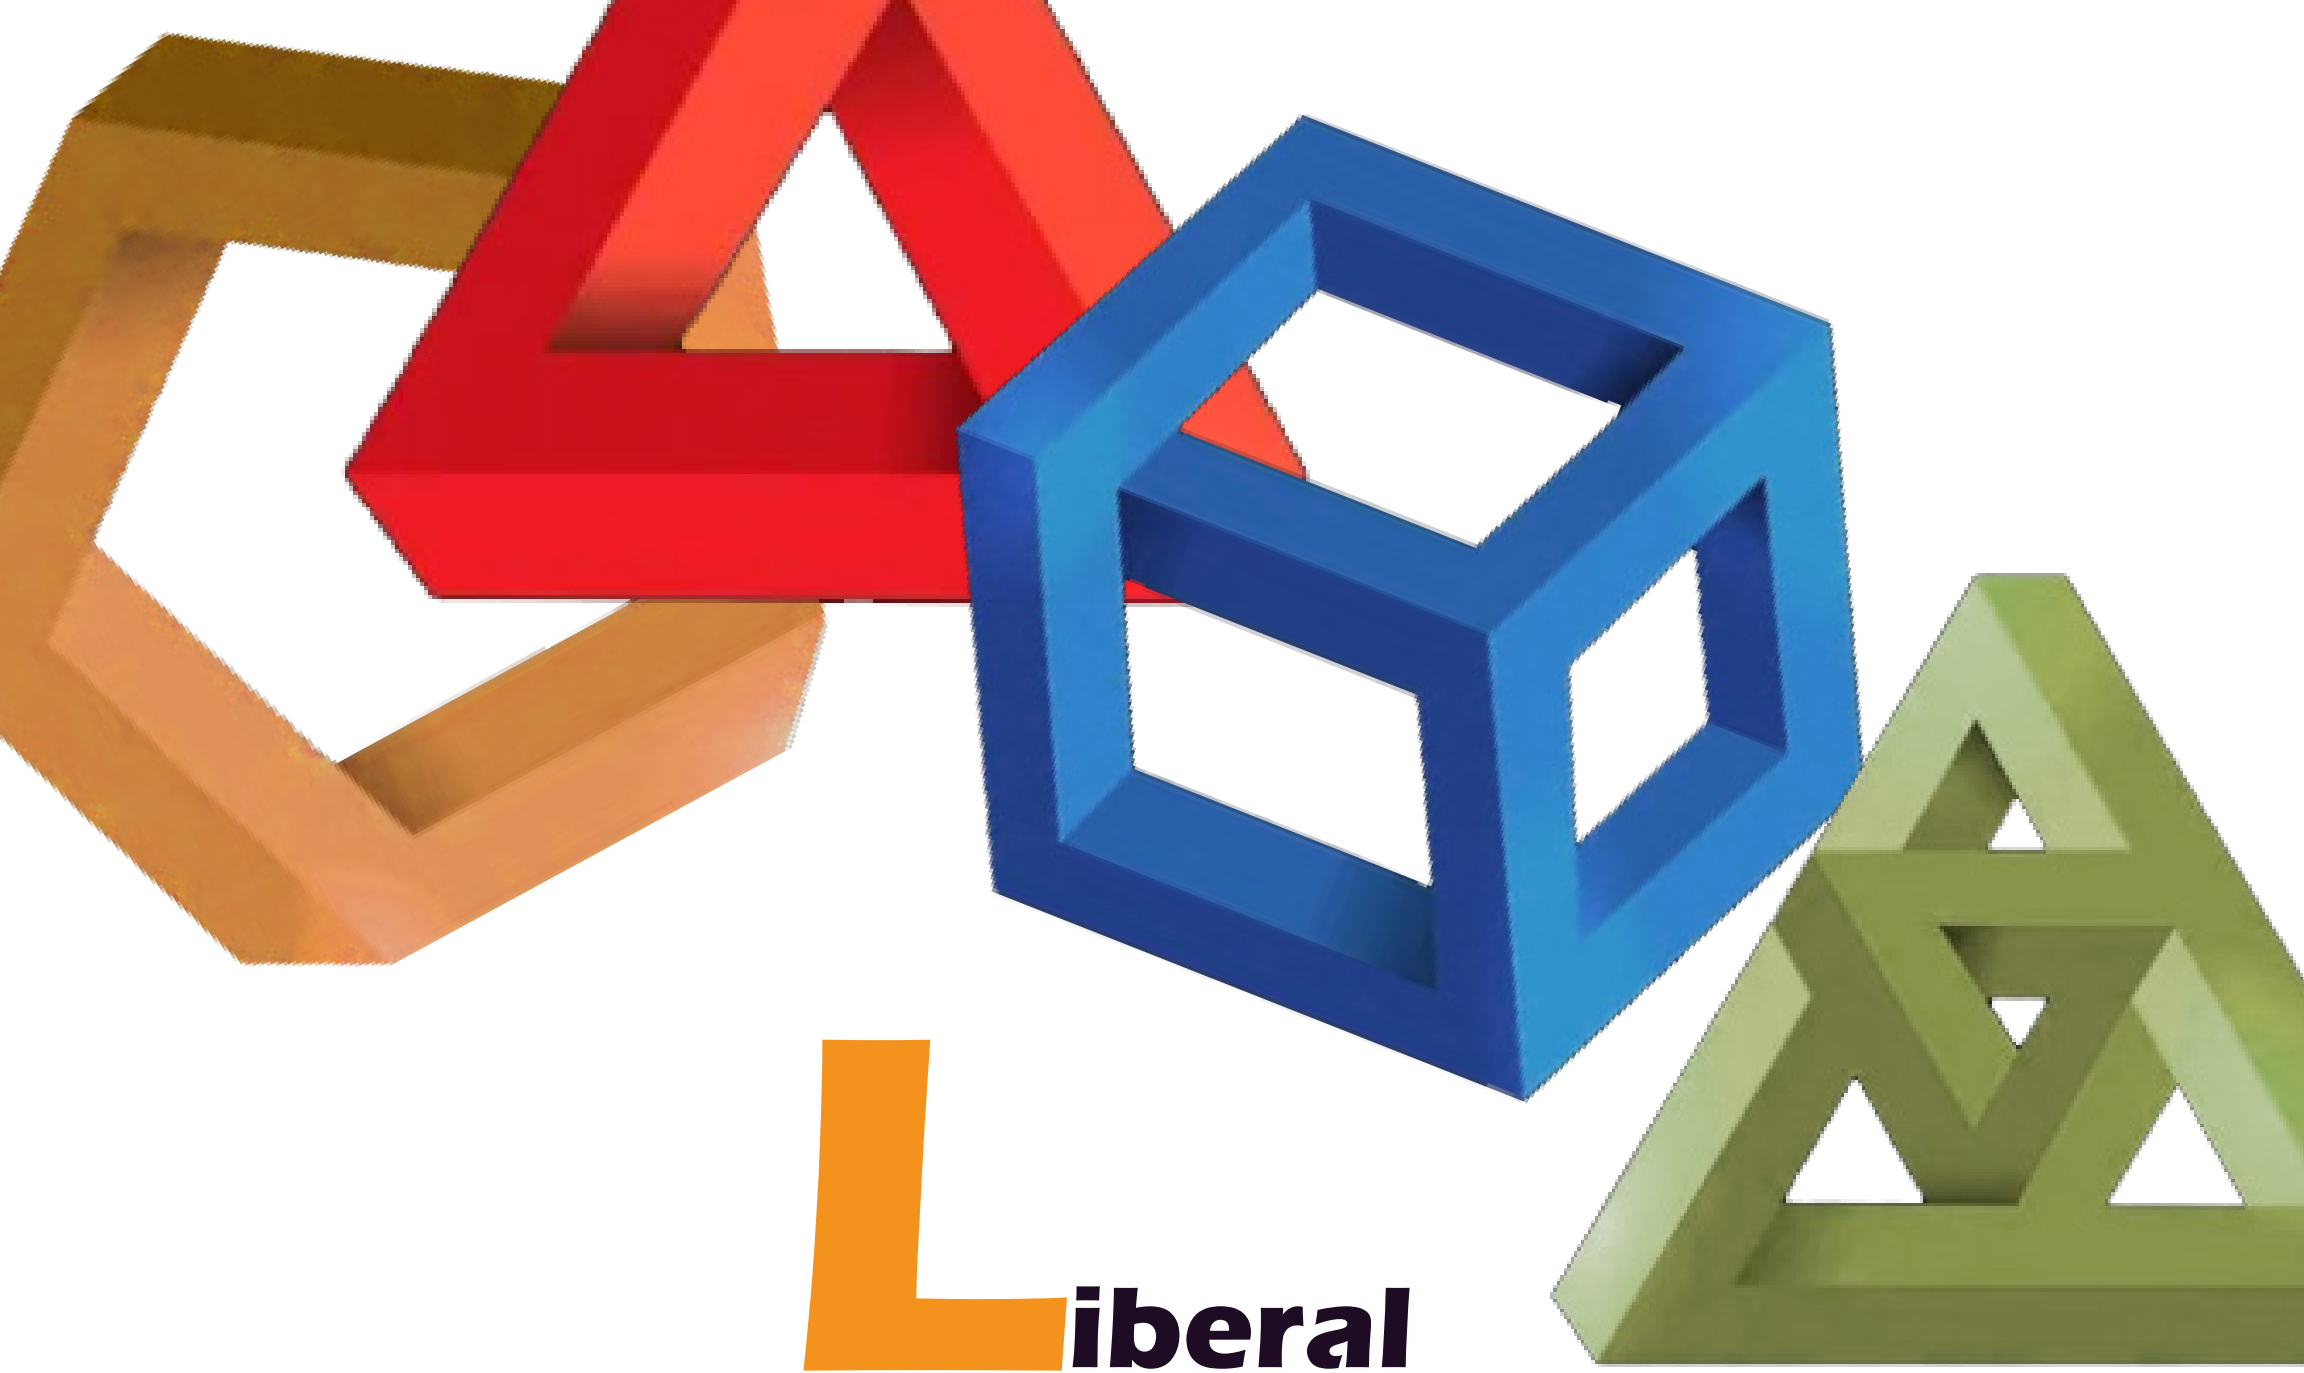

Arts

Sciences

Engineering

- Are you curious about other subjects?
- Do you seek breadth of knowledge?
- Do you want to specialize in a boundary-crossing field?
- Do you want to create a new career path for yourself?
- Do you want to be an entrepreneur in a cutting-edge domain?
- Are you interested in exploring the big problems of our world today?
- Do you want to challenge yourself?

**Then LASE just might be what you are looking for.**

What's liberal education?
- It is a process; a mode of learning
- It offers a holistic foundation and an opportunity to choose your major, create your own specialization

It emphasizes
- personalised and interactive learning
- project-based challenges
- critical thinking
- all-round skill development

Interested in joining LASE?
The process is simple:

◆ Step 1: take the LASE exam and interview at the end of your first year. If you are one of 30 to get selected, go to Step 2.

◆ Step 2: take 5 Foundation Courses in Semesters 3 and 4 plus any electives of your choice.

◆ Step 3: by the end of Semester 4, choose any of the concentrations to work on in Semesters 5 to 8.
   Choices include:
   ◆ Natural Sciences
   ◆ Engineering Sciences
   ◆ Social Sciences
   ◆ Art & Design
   ◆ Custom Concentration

Students will graduate with a globally recognised Bachelor of Science (BS) in their chosen concentration.
